The background of the slide features a solid teal color with three distinct, semi-transparent curved bands of the same color. These bands overlap each other, creating a sense of depth and movement. The bands are positioned in the upper left, middle left, and lower right areas of the slide.

BRAND ETHOS

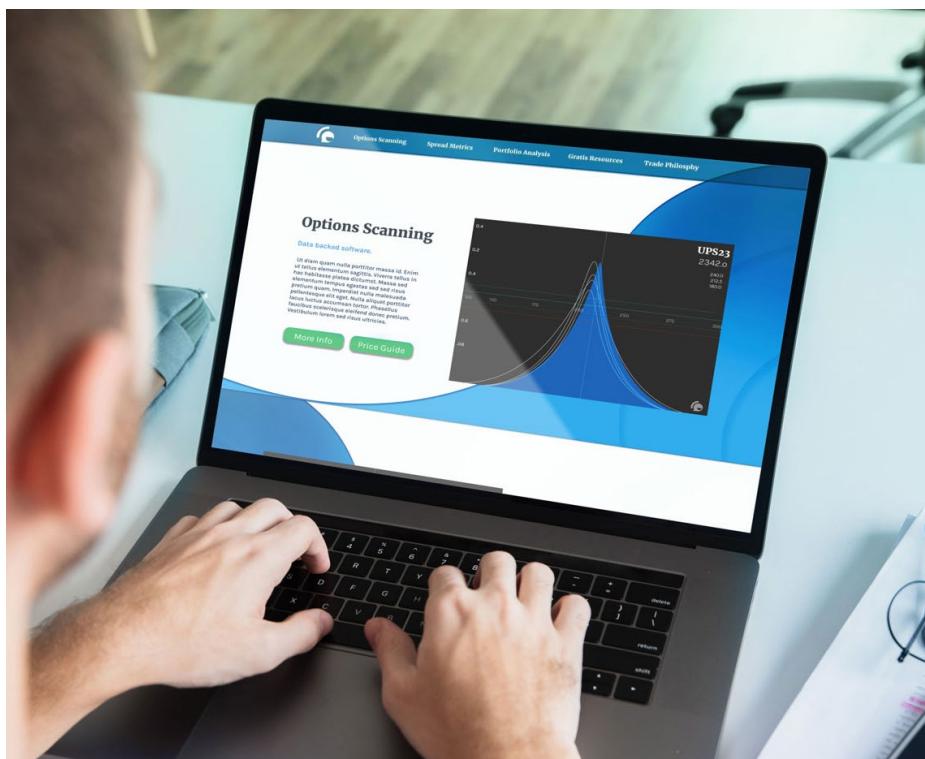

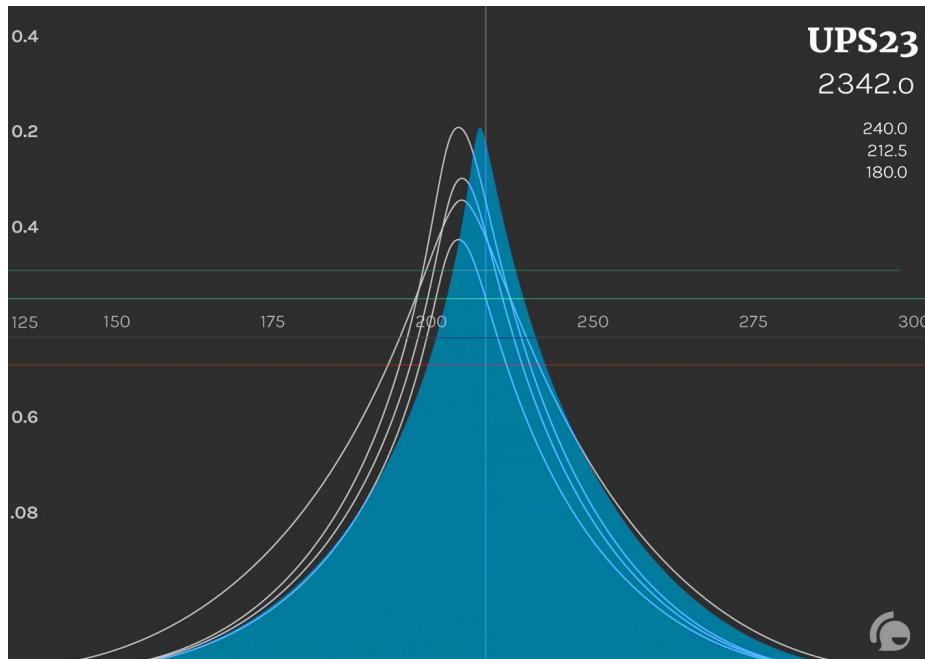

SPEAKS GREEKS' BRAND **HIGHLIGHTS**

Technology
WHILE REMAINING
Approachable.

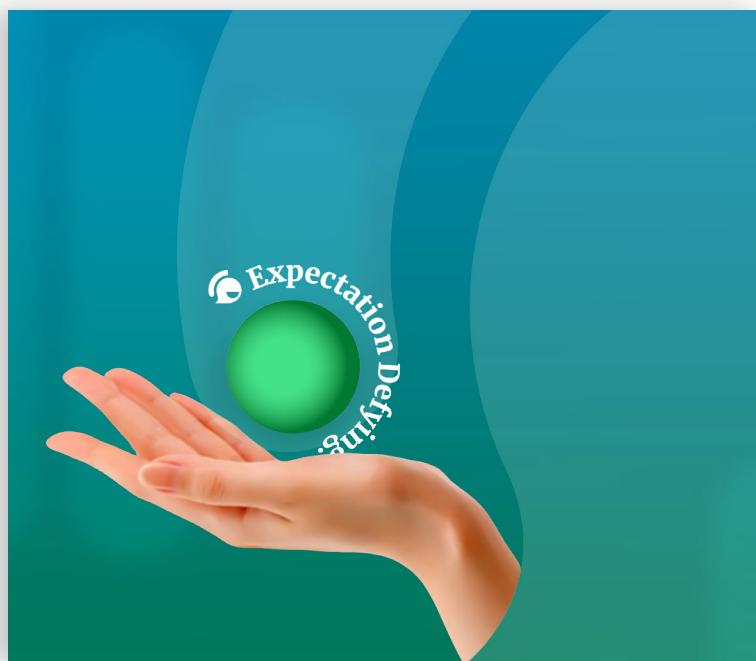

Mission

At its core, Speaks Greeks is a **tech** company. We use A.I. to help our customers reach their trading goals. However, we encourage our customers to stay in control of their process and **refine their skills over time**. Speaks Greeks' is a tool, not a bot.

MOCKUPS

CUSTOMER PERSONA

Sam Holt

wants tech to aid in skill building.

Summary

Likes the hands on, in control approach, but also tech. Type of person who would enjoy paddle shifters in a car. Dedicated to self improvement and building a skill/craft.

Personality

Driven and curious.

Profession

Student studying business, finance, or related

Brand Affinities

Hobbies

Day trading (for at least a year)
PC gaming with friends
Rocket League
Minecraft
Country Club Sports
Consumer technology

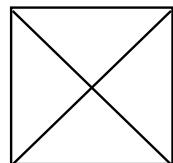

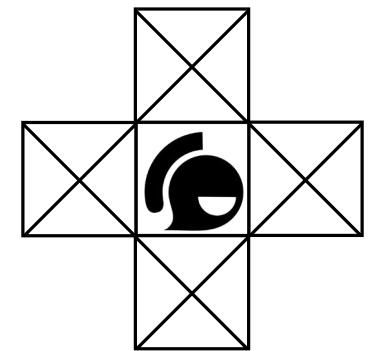

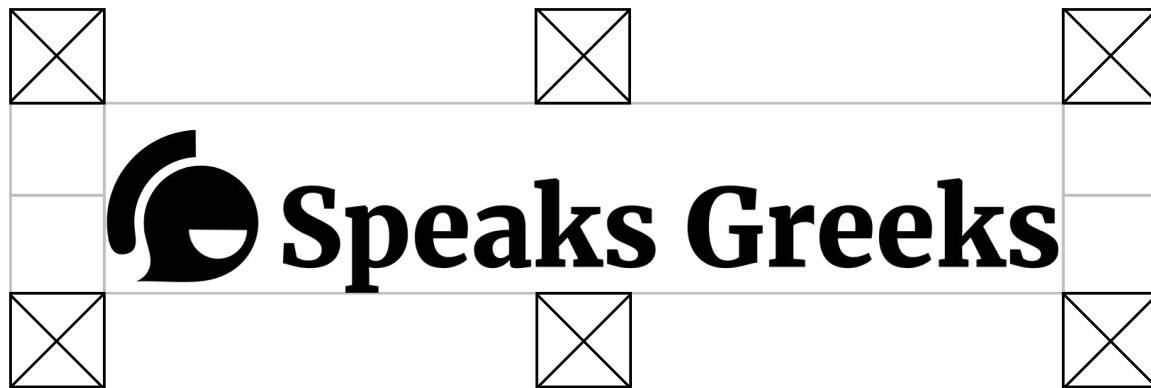

LOGO OVERVIEW

Speaks Greeks

Clear Space

1 unit

Relative to scale of logo, but always:

50% of the primary logo's height

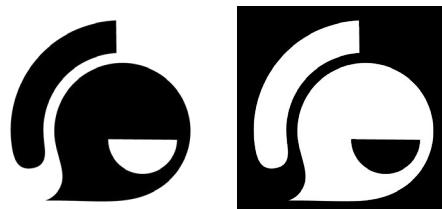

100% of the secondary logo's height

Black vs White Logo

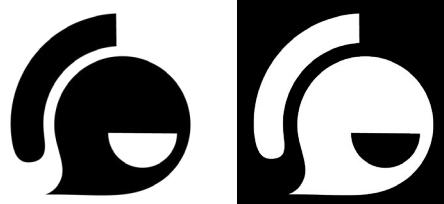

Optical Illusions

In the logos to the right, note the space marked here in RED.

The negative space in the white logo appears to be more thin. This is an optical illusion.

In order to compensate for the optical illusion noted above, Speaks Greeks uses a white logo that is slightly different measurements than the black logo. The difference between the logos can be seen on the right.

These logos are not the same, but are balanced optically.

TYPE OVERVIEW

Typography

(H1) **Merriweather Black**

A font with a pedagogical yet somewhat casual feel speaks for the blend of legacy and modernity present in tech finance. Used for large & oversized headers.

(H2) **Karla ExtraBold**

A modern san-sarif style font emphasizes Greeks' contemporary pulse. Used for secondary/paragraph headers.

(Body) **Karla Extra Bold**

Used for body paragraphs.

(Signal) **Karla ExtraBold**

Used to bold/signal information within a body paragraph.

(Ornament) **Karla ExtraLight**

Used (sparingly) for ornamental purposes in layouts.

ICONS

Modern Geometric

A icon style that is modern, thick, and has an emphasis on geometric shapes (mainly circles), is congruent with the logo style. It maintains the approachable and educational feel that Speeks Greeks strives for in its branding. Also note frequent use of negative space that enters or bisects the icon (I.E. the line in the computer).

TEXTURES

Create Texture

A layout may call for a textured background or ornamentation. If needed, the **pictorial** logo may be scaled up very large (until nearly unrecognizable) and dropped down to a low opacity (around 10% on dark backgrounds). Additionally, Karla ExtraLight type may be scaled up and partially covered to create a border texture, which should no longer resemble typography.
